Below is an overview of the parameters and requirements for submitting your online videos:

Where to send your videos:

Videos can be sent/uploaded via the link published in the competition registration via your registered dance account.

If you have not yet registered your dance school and dancers, you can do so by following the steps in the [INSTRUCTIONS](#).

Once you have logged into the registration system and wish to participate in the final, click on the Competitions menu item, select the option for Video Qualification.

Video format:

Video format -16:9 – resolution 1920×1080 – mp4 – data rate (bitrate – 10,000 kbps).

The video must meet the **technical parameters**. File size must not exceed 500 Mb.

Videos must be in landscape (horizontal) format.

Name the video file the same as your application for the competition:

(Name of the group – Name of the choreography).

It can be filmed outdoors or indoors. When recording videos, it is very important to keep the following requirements in mind before uploading:

You can upload a new video of your routines or use a video from another event or competition. A view of the entire choreography must be visible.

Ensure that all dancers in a SOLO/DUO or GROUP are visible at all times. For best results, the recording should be done in a well-lit location so that facial expressions, legs, hands and all movements of the dancer can be clearly seen.

The use of a tripod is strongly recommended to ensure a stable image. Make sure the sound/music is close enough to the camera to be clear. Additional music additions to the recording are allowed.

Dancers should wear a costume or appropriate dance attire with light stage makeup. Please adhere to the time limits allowed for each dance as per the rules found on our website

We are here to support you throughout the process. If you have any questions, please feel free to email.
